About The Cooperative Development Institute (CDI)

The Cooperative Development Institute (CDI, www.cdi.coop) is the Northeast's Center for cooperative business education, training, and technical assistance. CDI was founded in 1994 by cooperative leaders across industry sectors to build a cooperative economy in the Northeast.

Our mission is to work with people in the Northeast to create cooperative businesses and networks that grow a prosperous, equitable economy. We envision a democratically-owned and just economy where everyone can fulfill their needs and aspirations.

CDI works to support, advise and provide technical assistance to all sorts of cooperatives in the Northeast. CDI's New England Resident Owned Communities (NEROC) program provides support and assistance for residents of manufactured home communities to purchase their parks and run them cooperatively. Our Business Ownership Solutions (BOS) program focuses on conversion of existing businesses to worker ownership and our Cooperative Food Systems (CFS) program works with all food-related cooperatives; from assisting New American and Native American farmers to rural food cooperative retail stores and producer co-ops. And that's not all of what we do!

CDI is a virtually based 501(c)3 non-profit that has 20 employees. CDI employees enjoy their jobs and appreciate the flexibility of working from home, the commitment to continuous learning, and how interesting and varied our work is. Because our organization is transparent, accountable, and participatory, our staff's ideas and opinions count. We are committed to maintaining this as a priority.
